- Developed and deployed high-performance websites, ensuring error-free functionality and optimized performance.

Certifications

JavaScript | Infosys | Springboard   **Jul 2024 – Aug 2024**
- Acquired a strong foundation in JavaScript fundamentals and modern programming techniques. Proficient in ES6+ syntax, asynchronous programming paradigms (Promises, async/await), and DOM manipulation.

Projects

Kisan Ka Daan | Mini Project

- We developed an online platform that allows farmers to directly sell their paddy to consumers, eliminating intermediaries and enabling farmers to set their own prices.

Portfolio | GitHub

- Created a responsive portfolio website that showcases my profile, skills, experience, projects, and achievements.
- Integrated a contact form for easy communication and ensured the site is accessible across all devices and screen sizes.

Skills

- **Programming Languages:** C, Python, Java
- **Database Technologies:** SQL
- **Web Technologies & Tools:** HTML, CSS, JavaScript, Git, Data Analytics
- **Additional Skills:** Data Structures and Algorithms, Fluent English communication, Strong soft skills
